Call for Papers

The 10th International Symposium on Image and Signal Processing and Analysis (ISPA 2017) will take place in Ljubljana, Slovenia, on September 18-20, 2017. The scientific program of the symposium consists of invited lectures and regular papers. The aim of the symposium is to foster interaction of researchers and exchange of new ideas. Prospective authors are invited to submit their manuscripts reporting original work, as well as proposals for special sessions.

Technical Co-Sponsors

- IEEE Signal Processing Society
- IEEE Slovenia Section
- IEEE Slovenia Section Signal Processing Society Chapter

Symposium Topics

- | | |
|-------------------------------------|--------------------------------|
| A. Image and Video Processing | E. Signal Analysis |
| B. Image and Video Analysis | F. Audio and Speech Processing |
| C. Image Formation and Reproduction | G. Texture Analysis |
| D. Signal Processing | H. Applications |

For a detailed list of symposium topics please visit the ISPA 2017 web site.

Important Dates

Submission of full papers: ~~May 7, 2017~~ May 20, 2017
Decisions to authors: July 3, 2017
Camera-ready and author registration: July 10, 2017

Symposium Venue

The Symposium will be held in Ljubljana, the capital city of Slovenia. Ljubljana is a city of culture. It is home to numerous theatres, museums and galleries, and boasts one of the oldest philharmonic orchestras in the world. As its inhabitants and numerous visitors will tell you, Ljubljana is a people-friendly city. Categorized as a medium-sized European city, it offers everything a metropolis does yet preserves its small-town friendliness. In Ljubljana the old meets the new; and it seems that history has spent all of the settlement's five millennia preparing it to become the nation's capital. It has managed to retain traces from all periods of its rich history; from the legacy of the Roman Emona; through to the Renaissance, Baroque and Art Nouveau periods characterized in the house fronts and ornate doorways of the city center, the romantic bridges adorning the Ljubljanica river, the lopsided rooftops and a park reaching deep into the city center. Here eastern and western cultures met and the Italian concept of art combined with the sculptural aesthetics of Central European cathedrals.

Author Information

Papers including title, author list and affiliations, figures, results, and references should not exceed six A4 pages. Detailed author instructions are available on the ISPA web site. All submissions will be subject to an international peer-review process. The symposium publications are the abstract book and USB proceedings. Accepted papers will be published in the IEEE Xplore digital library. Authors of accepted papers are required to register and present their work.

Call for Special Session Proposals

Prospective organizers of special sessions are invited to send proposals to the Special Session Chair, according to instructions provided on the ISPA web site.

Social Events

Welcome reception, gala-dinner, and a sightseeing tour of Ljubljana.
